USDA, National Agricultural Statistics Service Fact Finders for U.S. Agriculture

# 2017 Guide To Products and Services

**Issued Annually** 

Today's Reports for Tomorrow's Decisions

### A Word About NASS Reports...

The Agricultural Statistics Board (ASB) publishes reports of State and U.S. production, stocks, inventories, disposition, utilization and prices of agricultural inputs and commodities, other items such as labor, farm numbers and agricultural chemical usage.

National reports are issued from the Washington, D.C. Headquarters. Individual State reports are issued from the Field Offices (FOs) following release of the national reports. Printed copies of both ASB and FO reports are available for a fee.

An abundance of agricultural information is available to data users through our programs. In addition to the information above, estimates on more specialized commodities including hop stocks, mink, cherries, cranberries, lentils and peppermint oil are also available. The information is geared toward producers and can help them plan planting, feeding, breeding and marketing programs. The data are also used by agricultural organizations, services, businesses, trade groups and financial institutions to determine demand for inputs, resources, transportation and storage-related crop and livestock products. Data are used to make and carry out agricultural policy concerning farm program legislation, commodity programs, agricultural research and rural development.

**Data Security Is Our Top Priority.** Names, addresses and personal identifiers are never revealed. NASS survey and census data never leave NASS control.

Only authorized persons working for NASS as employees or sworn partners, who are subject to fines

When NASS collects data for others in a NASS-approved statistical study, farmers and ranchers will always be informed about the cooperating sponsor and participation will always be voluntary.

Summary data from all NASS surveys and censuses are available to everyone, but will never disclose individual reported information.

### **Electronic Information**

NASS reports are available electronically immediately after release via "Today's Reports from NASS" homepage at **www.nass.usda.gov**.

### **E-Mail Subscriptions**

E-mail subscriptions to NASS and World Agricultural Outlook Board (WAOB) periodicals are available free of charge via e-mail, generally delivered within one hour of publication. Our electronic mailing list provides quick and timely access to the agricultural and economic information estimates. Please note that delivery time may take longer depending on factors such as network speed and report size.

### **NASS Revision Policy**

Most estimates are subject to revision, if necessary, when the next estimate is prepared. Revisions are made to provide data users with the best possible data for evaluating the current estimates. Revisions are based on additional information, such as new surveys, late reports, corrected data or more complete administrative data.

### **Understanding USDA Crop Forecasts**

The publication describes the statistical methodology used by the National Agricultural Statistics Service to prepare the crop forecasts to give users of the data a better understanding. This is followed by a similar description of the world agriculture supply and demand estimates prepared by the WAOB. This publication is also available in Spanish, Russian and Chinese. To obtain a copy of this publication call Customer Service at (800) 727-9540 and ask for Miscellaneous Publication No. 1554.

### **Other USDA Publications**

Several other USDA Agencies also issue a variety of economic reports which may be of interest to NASS customers. More information about the reports at these Agencies can be obtained from the following telephone numbers or Internet addresses:

Economic Research ServiceAgricultural Marketing Servicewww.ers.usda.gov/www.ams.usda.gov/(202) 694-5050(202) 720-8998

Foreign Agricultural Service www.fas.usda.gov/ (202) 720-7115

World Agricultural Outlook Board www.usda.gov/oce/ (202) 720-5447

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, S.W., Stop 9410, Washington, DC 20250-9410, or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay). USDA is an equal opportunity provider and employer.

# NASS on the World Wide Web

NASS has a homepage on the World Wide Web that provides easy access to the wide range of information and data products. Through the homepage, you can obtain copies of all reports described in this catalog, commodity and price specialists and more.

### NASS Homepage -- www.nass.usda.gov

Through a cooperative project with Cornell University, the Albert R. Mann Library distributes NASS, Economic Research Service (ERS) and World Agricultural Outlook Board (WAOB) periodicals and data files via the USDA Economics and Statistics System on a web server. Over 500 reports annually are available <u>free</u> of charge. All NASS reports and WAOB's *World Agricultural Supply and Demand Estimates (WASDE)* are available electronically within minutes of release.

A calendar of scheduled releases is available from the NASS Homepage. In the "**Publications**" dropdown menu, select "**by Date** (**Reports Calendar**)" under the "**Browse NASS Reports**" section. Then choose the year and month.

### NASS Subject Specialists on the Internet

NASS maintains a listing of subject and commodity specialists for the various program areas. From the NASS Homepage, click on the "Contact Us" dropdown menu, then select "Ask a Specialist" at the bottom left column.

### NASS Customer Service

NASS operates an information center, staffed 7:30 a.m. to 4 p.m. ET Monday-Friday, to assist you with accessing reports and data via the Internet, or printed copies. Please call (800) 727-9540.

### Quick Stats - Agricultural Statistics Data Base

U.S. and State information, published in NASS national reports, is available in an online database via the Internet FREE OF CHARGE. The database allows custom extracts based on commodity, year, state and other selection criteria and produces an output file compatible for updating databases and spreadsheets for selected commodities. The database can be accessed from the NASS Homepage at: www.nass.usda.gov under the "Data and Statistics" dropdown menu.

**County** level data are also available via Quick Stats. The data include the total crops for each county and breakouts for irrigated and non-irrigated practices for many crops, for selected States. The database allows custom extracts based on commodity, year and selected counties within a State or all counties in one or more States. The county data includes totals for the Agricultural Statistics Districts (county groupings) and the State. The download data files contain planted and harvested area, yield per acre and production.

Quick Stats contains total crop and cropping practices for each county. These files are located from the NASS Homepage by clicking on "Data and Statistics" then "Access Quick Stats".

District forecasts are also available for selected States during the current year. To access these forecasts from the NASS Homepage,

click on "Data and Statistics" then "Access Quick Stats". The forecasts can be found under the State and County heading on the Quick Stats page.

Subscribe to E-mail - Mann Library provides a FREE e-mail service for NASS reports. When a current report is released, it is sent via e-mail to the list of subscribers for that report. There are two options to subscribe to the National Reports; from the NASS Homepage at <u>www.nass.usda.gov</u>, select "Subscriptions: National" located on the top right of the page under the social media icons and submit sign up, or in the "Publications" dropdown menu select "National Reports" under the section "Receive Reports by Email" in the right column. Follow the instructions on the next page to create and manage your subscriptions. There is no charge for email subscriptions via Internet. You may "unsubscribe" at any time. For assistance with e-mail delivery, please call (607) 255-5406 or e-mail help@usda.mannlib.cornell.edu.

### Rich Site Summary (RSS) Alerts

RSS feeds are free content feeds from Web sites that contain article headlines, summaries and links back to full-text articles on the web.

RSS uses XML technology to syndicate web content, sending it directly to your desktop, your web browser or a web-based RSS reader. Instead of visiting a specific Web site to search for new articles and features, RSS is a convenient way to alert you when content of interest appears on your favorite Web sites.

Currently NASS offers national feeds for its News and Coming Events, Today's Reports and Census of Agriculture. Several NASS field offices have also made feeds available for download. For more information visit: www.nass.usda.gov/Newsroom/Syndication/

### Data Users Meetings Give Us Your Feedback!

NASS sponsors annual U. S. Department of Agriculture (USDA) data users meetings to solicit comments and suggestions from users of statistical and economic reports issued by NASS, World Agricultural Outlook Board, Economic Research Service, Foreign Agricultural Service, Agricultural Marketing Service and the Foreign Trade Division from the Census Bureau.

These meetings provide an open forum where representatives of the data programs are available to answer questions about their agency's current programs and receive public suggestions for possible changes.

Proceedings are prepared from some of the meetings and provided to the participants.

These meetings are announced on the Internet at the NASS homepage **www.nass.usda.gov** under "**Newsroom**" as soon as they are scheduled for the upcoming year.

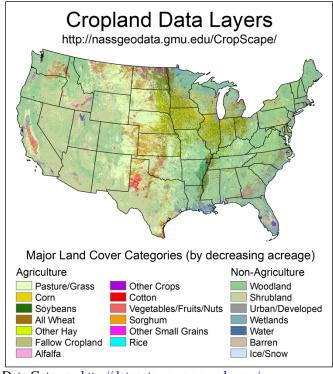

Written comments concerning the data users meetings, questions, or requests for additional information are welcomed. Please direct comments or questions to Tina Hall, USDA-NASS, Room 5433 South Building, Washington, DC 20250-2000. Phone (202) 720-3896, fax (855) 593-5473, or e-mail tina.hall@nass.usda.gov.

# **CD/DVD Products**

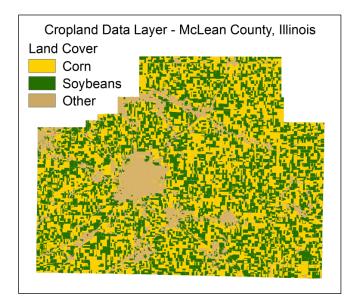

Agricultural Statistics Book 2017 CD. June 2017. Agricultural Statistics is published each year to meet the diverse need for a reliable reference book on agricultural production, supplies, consumption, facilities, costs and returns, land resources, farm programs, crop insurance, crop loans, etc. The publication contains 10 years of U.S. data and 3 years of State data is covering a wide variety of agricultural facts through the 2015 production year. A comprehensive statistical report (approximately 500 pages) containing current and historical agricultural data is updated annually. Statistics cover grain and feed; cotton, tobacco, sugar crops and honey; oilseeds, fats and oils, vegetables and melons; fruits, tree nuts and horticultural specialties; hay, seeds and minor field crops; cattle, hogs and sheep; dairy and poultry statistics; farm resources, income and expenses; taxes, insurance, credit and cooperatives; stabilization and price-support programs; consumption; fertilizers and pesticides; and more.

**Online Cropland Data Layer Products.** NASS is pleased to offer this geospatial product for online monitoring of the nation's agricultural land. The Cropland Data Layer (CDL) products are available via the NASS CropScape visualization portal at http://nassgeodata.gmu.edu/CropScape/. This web portal offers advanced tools such as interactive visualization, web-based geospatial queries, data dissemination, and automated data delivery to applications such as Google Earth. The CDL is a crop-specific categorized land cover product and uses imagery, depending on the year, from the Disaster Monitoring Constellation Deimos-1, UK2, AWiFS, and Landsat 5/7/8 satellites. The CDL products cover the entire continental United States since 2008 and various states for earlier years (1997 - 2007). For GIS users, download the mosaicked national CDL and confidence layer products from http://www.nass.usda.gov/research/

<u>Cropland/SARS1a.htm</u>. For all historical state-level CDL products delivered via one download, visit the USDA/NRCS Geospatial

# **For Your Information**

Informative agency publications and items other than the NASS Reports Collection are available to you just for asking. Call (800) 727-9540 to request a copy.

- Fact Finders of U.S. Agriculture -Discusses the organization of the National Agricultural Statistics Service, the importance of agricultural information, the history of agricultural statistics, the NASS estimating program, the 5-year Census of Agriculture, the integrity of estimates, assistance to other organizations and other topics.
- Vegetation Imagery Maps For your information and use, these high resolution colored maps covering major field crops are available from the NASS homepage at www.nass.usda.gov; select "Charts and Maps" from the right navigation bar select "Vegetation Condition Images", locate the maps of choice and download to a color printer.

### Survey Assistance to Other Organizations

In addition to the many statistical activities directly related to its mission, NASS conducts surveys for and lends technical expertise to other Federal agencies, State governments and private organizations on a reimbursable basis.

NASS provides support and assistance in the areas of questionnaire and sample design, data collection and editing, analysis of survey results and training. For further information contact the Survey Development Support Branch at (202)720-2248.

### NASS International Program Activities

NASS technical support is not confined to the domestic sphere since Agency specialists frequently provide assistance and training to other countries to help establish or improve their agricultural statistics programs.

NASS has been involved in international training and technical assistance activities for over 40 years. Assistance and training are provided to technical staff in other countries for improvement of individual skills and survey methodology to provide more reliable and timely agricultural information. NASS participates in reimbursable international training and technical assistance because they:

- 1. Allow for improvement of USDA's own assessment of food and fiber production capabilities and levels in foreign countries;
- 2. Assist the U.S. Government's efforts to help developing countries improve institutions that can help eliminate hunger and poverty;
- 3. Develop NASS's human resources by exposure to other cultures and work situations.

For further information contact the NASS International Programs Office at (202)720-4505.

### **Data Products**

NASS can prepare data to meet user specifications. Sponsors must reimburse all costs for specially prepared work. For further information, call customer service at (800) 727-9540.

# Agricultural Chemicals & Pest Management

**2016 Field Crops Summary,** May *12*. Chemical application rates and acres treated for selected 2015 field crops in major producing States and pest management practices used. **Results available online only at www.nass.usda.gov**.

**2016 Vegetables Summary,** *July 26.* Chemical application rates and acres treated for selected 2016 vegetables crops in major producing States and pest management practices used on program acres. **Results available online only at www.nass.usda.gov.** 

**2015 Fruit Summary.** Chemical application rates and acres treated for selected 2015 fruit crops in major producing States and pest management practices used on program acres. **Results available online only at <u>www.nass.usda.gov</u>.** 

**2009-2010 Postharvest Summary, Wheat.** Pesticide application rates and quantity of postharvest wheat treated plus data on application methods and timing of applications for major producing States. Includes data on pest management practices used on target operations. **Results available online only at www.nass.usda.gov**.

**2009** Nursery and Floriculture Summary. Chemical application rates and quantities applied plus associated chemical usage data for the six top producing States. Includes summary of pest management practices used.

Results available online only at <u>www.nass.usda.gov</u>.

**2010 Sheep and Sheep Facilities.** Summary of information on chemical applications to sheep and associated sheep structures/facilities. **Results available online only at www.nass.usda.gov**.

**2006 Dairy Cattle and Dairy Facilities.** Summary of information on chemical applications to dairy cattle and associated cattle structures/facilities.

**2005 Swine and Swine Facilities.** Summary of information on chemical applications to hogs and associated hog structures/facilities.

# Aquaculture

**Catfish Production,** *February 3, July 21.* February's issue contains grower inventory and sales numbers by size groups for major production States and United States.

**Trout Production**, February 27. Grower sales, distributed trout and fish losses for major production States and United States.

**U.S. Trout Industry Structure.** September 29, 2009. This report is available on the Internet and provides information on the history of the U.S. trout industry. This report helps the trout industry and data users to understand how the industry has changed over the years.

# Census of Agriculture

The Census is conducted every 5 years to obtain agricultural statistics for each county, State and the Nation.

The Census is the leading source of statistics about the Nation's agricultural production and the only source of consistent, comparable data at the county, State and national levels. The Census is authorized by law under Title 7, U.S. code and is conducted in close cooperation with the Nation's agricultural user groups and farmer organizations.

The Census includes all places from which \$1,000 or more of agricultural products, including government payments, were produced and sold, or normally would have been sold, during the census year.

Special Studies are conducted as follow-on programs to the Census of Agriculture. The follow-on programs include the Census of Aquaculture, Farm and Ranch Irrigation Survey, Census of Horticulture Specialties, Tenure, Ownership and Transition of Agricultural Land Survey, the Organic Production Survey and the Local Food Marketing Practices Survey.

### Volume 1, Geographic Area Series

United States, State and County Data. Separate State reports display statistics for the entire State and every county or equivalent. The United States Summary provides national data and selected data for each State. Data include number of farms; farm characteristics; livestock, poultry and their products; crops; land use; irrigation; operator characteristics; ownership; income; production expenses; direct marketing; farm labor and migrant workers; agricultural activity on American Indian reservations; chemical use; computer use and more. Reports cover 2012, with comparative data for previous census years.

Additional reports are provided for Puerto Rico, including Municipio Profiles.

### **Highlights and Profiles**

**State and County Profiles.** Based on results of the Census of Agriculture, describe changes in several key agricultural statistics. Also provide the rank of each county in the State and the Nation in crop acreage, livestock inventories and sales. Graphics included. **Results available online only at** www.nass.usda.gov.

### **Race, Ethnicity and Gender Profiles**

Based on results from the Census of Agriculture, detailed data by state and county for several categories of minority operations. **Results available online only at** <u>www.nass.usda.gov</u>.

### **Volume 2, Subject Series**

American Indian Reservations. Provides data that supplement the 2012 census of Agriculture Volume 1. This publication presents selected operation and operator data for 76 American Indian Reservations. Data includes number of farms, land in farms market value of products, production practice and characteristics of the operation and operators. **Results available online only at** www.nass.usda.gov.

**Congressional District Tabulations.** Presents agricultural statistics by Congressional district (113th Congress) for all farms in all 50 States. Tables show the total market value of products sold and the number of farms by size for land in farms, cropland harvested, selected crops and inventory of cattle, calves, hogs and pigs. Crops vary by State and tables show number of farms by acres harvested for commodities such as tobacco, cotton, soybeans for beans, peanuts for nuts and land in orchards. **Results available online only at www.nass.usda.gov**.

**Watershed Tabulations.** Presents agricultural statistics by 6digit Hydrological Unit Code for the contiguous 48 states, Alaska and Hawaii. The data tables show the number of farms, land in farms, cropland harvested, irrigated acres, acres treated with fertilizer, acres treated with chemicals, selected crop acreage, organic acreage and inventory of selected livestock. **Results available online only at www.nass.usda.gov**.

Agricultural Atlas of the United States. Features thematic maps highlighting agricultural activities and characteristics such as farm number and size, selected crops harvested, livestock and poultry inventories and number sold, agricultural sales, production expenses, land use, irrigation patterns, fertilizer and chemical use machinery and equipment on farms. Covers the United States, States and counties. All maps are available on the Internet.

**Ag Census Web Maps.** An online application utilized to access key Census data through a collection of interactive maps. **Results available online only at <u>www.nass.usda.gov</u>**.

**Specialty Crop Tabulations.** Presents agricultural statistics for specialty crops for all farms in the 50 states and Puerto Rico. Tables show production, demographic and economic data for farms producing specialty crops. Specialty crops are defined as fruits and vegetables, tree nuts, dried fruits, nursery crops (including floriculture) and maple syrup. Some USDA agencies do not consider maple syrup a specialty crop, so data are provided that include and exclude maple syrup to accommodate either definition. **Results available online only at www.nass.usda.gov**.

**Typology.** The 2012 Census of Agriculture Farm Typology report provides data that supplement the 2012 census. Selected census statistics by typology categories that group farms with similar characteristics are provided. It primarily focuses on the "family farm," or any farm where the majority of the business is owned by the operator and individuals related to the operator, including relatives who do not live in the operator's household. **Results available online only at www.nass.usda.gov**.

**Special Organics Tabulation.** Selected census statistics of operator and farm characteristics by all farms and farms with organic sales are provided. **Results available online only at www.nass.usda.gov**.

Years on Present Farm of Principal Operator. Selected census statistics of farms by number of years the principal operator operated any part of the operation. **Results available online only at www.nass.usda.gov**.

### **Volume 3, Special Studies**

**2013 Farm and Ranch Irrigation Survey.** Displays results from a sample survey of farm and ranch operators who reported using irrigation in the 2012 Census. Includes acres irrigated; yields of specified crops; method of distribution; quantity and source of water used; number and depth of wells; pumps used in moving water; energy use; and expenditures for

maintenance and investments for each State, 20 water resources regions and the United States. Includes some comparative data from 2008. Available on the Internet and as a printed report.

**2013 Census of Aquaculture.** Provides statistics about the U.S. aquaculture industry at National and State levels. Data collected include production methods, water area and sources, production, sales, sales outlet and aquaculture for restoration, conservation, enhancements and recreation. **Results available online only at <u>www.nass.usda.gov</u>.** 

**2014 Tenure, Ownership and Transition of Agricultural Land (TOTAL).** Provides a comprehensive picture of farm land ownership and farm economics, including: operating expenses, demographic information on land owners, capital expenses, farm debt and assets, labor needs, and household characteristics. **Results available online only at www.nass.usda.gov**.

**2015 Organic Survey.** Provides statistics on acreage, production, sales, price, expenses, and other data for various organic crop and livestock commodities at national, state, and commodity levels. **Results available online only at www.nass.usda.gov**.

**2014 Census of Horticulture Specialties.** Provides data at national and state levels on number and kinds of horticultural specialty operations, value of sales, and types of products. **Results available online only at www.nass.usda.gov**.

**2015 Local Food Marketing Practices Survey.** Provides comprehensive statistics on local agricultural economies. **Results available online only at www.nass.usda.gov**.

### **Current Agricultural Industrial Reports**

In 2016, NASS published four Current Agriculture Industrial Reports. They are: Grain Crushing and Co-Products, Flour Milling Products, Cotton System Consumption and Stocks, and Fats and Oils: Oilseed Crushings, Production, Consumption and Stocks.

Flour Milling Products. 4 issues plus annual summary.

*Feb1, May 1, Aug 1, Nov 1.* This quarterly report covers all firms in the United States operating wheat and rye flour mills. Type of data collected are amount of flour and millfeed produced from wheat and rye.

### Flour Millings Products 2016 Summary, May 1.

**Grain Crushings and Co-Products Production.** 12 monthly issues plus annual summary Jan 3, Feb 1, Mar 1, Apr 3, May 1, Jun 1, Jul 5, Aug 1, Sep 1, Oct 2, Nov 1, Dec 1. This is a monthly report that covers that consumption of corn and sorghum. The publication provides data about agricultural commodities consumed for alcohol and other uses as well as the production of co-products and products in the United States.

### **Grain Crushings and Co-Products Production 2016 Summary**, *March 1.*

**Cotton System Consumption and Stocks.** 12 monthly issues plus annual summary.

Jan 3, Feb 1, Mar 1, Apr 3, May 1, Jun 1, Jul 5, Aug 1, Sep 1, Oct 2, Nov 1, Dec 1. Monthly totals for running bale end of month stocks in warehouses and cotton spinning facilities for major States and U.S Consumption of stocks and spindle utilization for the U.S.

**Cotton System Consumption and Stocks 2016 Summary,** *March 1.* 

**Fats & Oils: Oilseed Crushings, Production, Consumption and Stocks.** 12 monthly issues plus annual summary.

Jan 3, Feb 1, Mar 1, Apr 3, May 1, Jun 1, Jul 5, Aug 1, Sep 1, Oct 2, Nov 1, Dec 1. This is a monthly report that covers businesses that produce various edible and inedible fats and oils. This report also includes data that covers all establishments crushing or solvent processing vegetable oil bearing materials (oilseeds, beans, nuts, etc.); including establishments using a continuous process that immediately refines the oil. Type of data collected are amount of crop crushed, amount of processed oil and feed produced.

Fats & Oils: Oilseed Crushings, Production, Consumption and Stocks 2016 Summary, March 1.

### **Related Services**

**NASS Data Laboratory.** Provides access and analysis of micro data for each State by researchers desiring to explore relationships among agricultural variables relevant to environmental, resource management and productivity trends and developments. For information, call (800) 727-9540 or e-mail nass@nass.usda.gov.

Dairy Products. 12 monthly issues plus annual summary.

Jan 5, Feb 2, Mar 2, Apr 5, May 4, Jun 5, Jul 6, Aug 3, Sep 5,

*Oct 5, Nov 2, Dec 5.* Production of butter, cheese, frozen products, evaporated, condensed, dry milk and whey products. Shipments, stocks and prices of dry milk and whey products, major States and U.S.

**Dairy Products 2016 Summary,** *April 27.* Summary of production for manufactured dairy products for 2016 and revised data for 2015.

Milk Production. 12 monthly issues plus annual summary.

Jan 24, Feb 21, Mar 20, Apr 20, May 19, Jun 19, Jul 20, Aug 18, Sep 19, Oct 20, Nov 20, Dec 19. Number of milk cows, production per cow and total milk production during preceding month for major States and U.S. in all issues.

*January, April, July, October:* Number of milk cows and production quarterly by State and U.S.

*February:* Number of milk cows, production per cow and milk production revised by months, 2015 and 2016 by State and U.S. Licensed dairy herds by State and U.S.

**Milk Production, Disposition and Income 2016 Summary,** *April 27.* Annual number of milk cows, production per cow and production for the year by State and U.S. 2015-16. Amount of milk used on farms and amount sold, cash receipts and value of production by State and U.S.

**Overview of the U.S. Dairy Industry.** Provides information on the makeup of the U.S. dairy herd by size of operation, focusing on the changes since 2001. Changes in milk cow inventory, milk production and milk per cow are also discussed as well as milk prices and the milk feed ratio.

# Environmental and Demographics

**Farm Computer Usage and Ownership.** Report of computer ownership and usage for farm businesses, including internet access. Comparison between computer usage, 2009, 2011 and 2013.

**Farms and Land in Farms 2016 Summary**, *February 17.* Number of farms in operation, land in farms and average size (acreage) of farms during 2016 and revisions for 2015; individual States and U.S. totals. Selected States sales class estimates for number of farms and land in farms.

Agricultural Safety: 2012 Childhood Injury and Adult Occupational Injury, 2009 Injuries to Youth on Farms, 2008 Injuries to Adults on Racial Minority –Operated Farms, 2008 Injuries to Youth and Adult on Hispanic-Operated Farms and 2006 Farm and Ranch Safety Survey. National Institute of Occupational Safety and Health (NIOSH), an agency of the Center for Disease Control and Prevention, sponsored these surveys to better understand the magnitude and scope of agricultural injuries.

# Economics

**Agricultural Prices**. 12 monthly issues. All issues present prices received by farmers for principal crops, livestock and livestock products; indexes of prices received by farmers; parity prices; prices paid for input items and feeder livestock; indexes of prices paid by farmers and livestock/poultry feed price ratios. The NASS Quickstat database is updated monthly with historical index revisions at <u>www.nass.usda.gov</u>. A description of parity prices including: authority for, method of computation and prices used in parity computations.

January 31: Revised monthly prices for rice; marketing year average prices for rice and sweet potatoes. Grazing fee rates on privately owned non-irrigated land for 17 western states. Revised historical series of prices received and prices paid indexes.

*February 28:* Revised monthly and annual average prices for meat animals. Annual average prices received for wool and mohair are published in the January Sheep and Goat publication. Adjusted base prices used in computing parity prices, commodity parity prices including commodities not included in the monthly report.

March 30: No special features.

*April 27:* Revised monthly and annual prices for milk, poultry, eggs and milkfat test percentages.

*May 31:* Historical monthly and marketing year average feed price ratios and Market year average prices for tobacco. Value of all cattle and calves and sheep as of January 1, 2017; hogs and pigs as of December 1, 2016 are published in the Meat Animals Production, Disposition and Income summary.

*June 29*: Revised marketing year average prices for sweet potatoes. Revised U.S. monthly prices, marketing year average prices and marketing percents for wheat, barley and oats.

July 31: Marketing year average prices for sugarbeets and sugarcane.

*August 30:* Revised monthly prices, marketing year prices and marketing percents for small grains, hay and peanuts. Monthly prices for fresh apples, peaches, grapes and pears.

September 28: Revised monthly prices, marketing year average prices and marketing percents for sorghum and soybeans. Revised U.S. monthly prices, marketing year average prices and marketing percents for corn, Austrian winter peas, dry edible peas and lentils, Marketing year average prices and monthly prices for citrus and Marketing year average and revised monthly prices for potatoes. Market year average canola prices.

*October 30:* Marketing year average prices for upland and American-Pima cotton; revised monthly prices for upland cotton and cottonseed and monthly marketings of upland cotton. Year-to-date U.S. monthly prices and marketings and preliminary marketing year average prices for rice.

*November 30:* Revised monthly prices, marketing year average prices and marketing percents for corn, dry beans, flaxseed, sunflower and chickpeas. Marketing year average prices for rapeseed, and mustard seed, safflower and proso millet.

*December 28:* Marketing year average prices for hops. Prices paid index for beef cattle production. Annual average prices paid for feeder livestock. Periodic features calendar of "Agricultural Prices."

**Cash Rents 2017 Summary**, *August 3 states; September 8 regions and counties*. Irrigated cropland, non-irrigated cropland and pastureland cash rents per acre for States, regions, counties and U.S. Estimates are for the 2017 calendar year. **Results available online only at www.nass.usda.gov**.

### Farm Labor. 2 issues.

*May 18, November 16.* The Farm Labor Survey has been funded by the Department of Labor (DOL) since July 2011. Regional and national data for hired workers, hours worked and wage rates are published semi-annually. Beginning in 2012 two quarters of farm labor data are published semi-annually in May and November. The May publication includes January and April data while the November publication includes July and October data. Estimates are made January, April, July and October for the week including the 12<sup>th</sup> of the month. Annual average wage rates, hired workers and hours worked are published in November.

**Farm Production Expenditures 2016 Summary**, August *3*. Revised 2015 and preliminary 2016: Estimates of farm production expenditures by U.S. farm production regions, type of farm and economic class for major expenses.

**Land Values 2017 Summary**, August *3*. State, regions and U.S. agricultural land values for 2017 with 2016 revisions. Estimates are on a per acre basis and include value of all land and buildings, cropland and pasture.

# Field Crops

**Crop Production.** 12 monthly issues plus annual summary and four supplements.

*January 12:* Hay stocks on farms December 1, 2016; indicated production of 2016-17 citrus fruits.

*February 9:* Indicated production of 2016-17 citrus fruits; area harvested, yield and production of sugarcane for 2016.

*March 9:* Indicated production of 2016-17 citrus fruits; area harvested, yield and production of sugarcane for 2016.

*April 11:* Indicated production of 2016-17 citrus fruits and revised production of 2015-16 citrus fruits.

*May 10:* Winter wheat indicated area harvested yield, production and U.S. production by class as of May 1. Indicated area harvested, yield and production for Durum wheat (Arizona and California) and area planted, harvested, yield and production of spring potatoes; indicated production of 2016-17 citrus fruits. Hay stocks on farms May 1. Revised 2016 acreage, yield, production and bales ginned of cotton. Revised 2016 and final revisions for 2015 production and disposition of cottonseed; revision of 2016 almond production. Objective survey data for cotton number of cumulative large bolls and harvest loss. Indicated 2017 production of peaches (California).

*June 9:* Winter wheat indicated area harvested, yield, production and U.S. production by class as of June 1; Durum wheat indicated area harvested, yield and production for Arizona and California; indicated production of 2016-17 citrus fruits; hops area strung for harvest by variety; 2017 maple syrup production, 2016 maple syrup price and value. Revised 2016 maple syrup production. Objective survey data for winter wheat percent of samples processed in the lab. Indicated 2017 production of prunes (California).

*July 12:* Indicated area harvested, yield and production as of July 1 for winter wheat, Durum wheat, other spring wheat, oats, barley and flue-cured tobacco. Indicated production of wheat by class, apricots, almonds and 2016-17 citrus fruits. Objective survey data for winter wheat number of heads per square foot and percent of samples processed in the lab.

*August 10:* Acreage entered for certified seed potatoes (fall States); updated planted acreage - all crops, if changed; indicated area harvested, yield and production as of August 1 for corn for grain, winter wheat, Durum wheat, other spring wheat, oats, barley, cotton, rice, hay, sorghum for grain, dry edible beans, soybeans for beans, peanuts for nuts, tobacco (by

class and type), sugarbeets, sugarcane for sugar and seed, hops and summer potatoes; indicated cottonseed production. Indicated U.S. production of wheat and rice by class, apples, peaches, pears, grapes and cranberries. Objective survey data for winter wheat number of heads per square foot and percent of samples processed in the lab. Planted acres by commercial class for dry edible beans and planted acres for chickpeas.

September 12: Updated planted acreage - cotton, peanuts and rice, if changed; indicated area harvested, yield and production as of September 1 for corn for grain, cotton, rice, sorghum for grain, soybeans for beans, peanuts for nuts, tobacco (by class and type), sugarbeets, sugarcane for sugar and seed; indicated cottonseed production. Indicated U.S. production of rice by class, hazelnuts and walnuts. Revised area planted and harvested, yield and production of 2016 potatoes (all seasons). Indicated production of 2017-18 California Navel oranges. Percent of 2016 fall potatoes planted by variety. Objective survey data for selected States; corn plant populations and number of ears per acre, soybeans number of pods with beans per 18 square feet cotton cumulative boll counts.

October 12: Updated, planted acreage - dry edible beans, canola, corn, sorghum, soybeans, sugarbeets and sunflower, if changed; indicated area harvested, yield and production as of October 1 for corn for grain, cotton, rice, sorghum for grain, hay, dry edible beans, soybeans for beans, peanuts for nuts, sunflower, canola, tobacco (by class and type), sugarbeets, sugarcane for sugar and seed; indicated cottonseed and pecan production. Indicated U.S. production of rice by class and 2017-18 citrus fruits. Final 2017 spring potatoes acreage, vield and production. Revised canola, peanut and sunflower acreage, yield and production for 2016. Objective survey data for selected States; corn plant populations, number of ears per acre and percent of samples processed in the lab, soybean number of pods with beans per 18 square feet and percent of samples processed in the lab and cotton cumulative boll counts.

November 9: Indicated area harvested, yield and production as of November 1 for corn for grain, cotton, rice, sorghum for grain, soybeans for beans, peanuts for nuts, sugarbeets and sugarcane for sugar and seed; indicated cottonseed production. Planted acres, indicated area harvested, yield and production of fall potatoes. Indicated area planted, harvested, vield and production for dry edible peas, Austrian winter peas and lentils. Percent of 2017 fall potatoes planted by variety. Indicated U.S. production of rice by class. Objective survey data for selected States; corn plant population, number of ears, row width distribution and percent of samples processed in the lab, soybean row width distribution, number of pods with beans per 18 square feet and percent of samples processed in the lab, cotton cumulative large boll counts and fall potatoes number of samples and average number of hills harvest loss grading and size categories by type.

*December 12:* Indicated area harvested, yield and production as of December 1 for cotton, sugarcane for sugar and seed. Indicated production of cottonseed and 2017-18 citrus fruits. Objective survey data for selected States; cotton cumulative large boll counts.

**Crop Production 2016 Summary,** *January 12.* Acreage, yield, and production data for 2016 and revised for 2015. Objective survey data for selected States; corn plant populations, number of ears per acre, soybean number of pods with beans per 18 square feet. (State estimates for noncitrus fruits and nuts are included in "Noncitrus Fruits and Nuts—*Annual.*") Percent of 2016 fall potatoes planted by variety. Fall potatoes number of hills harvest loss, grading and size categories by type.

**Prospective Plantings**, *March 31.* Expected plantings as of March 1 for corn, all wheat, winter wheat, Durum wheat, other spring wheat, oats, canola, barley, cotton, rice by length of grain, all sorghum, sweet potatoes, dry edible beans, dry edible peas, Austrian winter peas and lentils, chickpeas, soybeans, sunflower, flaxseed, peanuts, sugarbeets and spring potatoes; acreage for harvest of hay and tobacco (by class and type).

Acreage, *June 30.* Planted and harvested area by State for corn, fall potatoes, soybeans, all wheat, winter wheat, other spring wheat, Durum wheat, oats, barley, rye, sorghum, rice by length of grain, peanuts, oil and non-oil sunflower, flaxseed, canola, rapeseed, safflower, mustard seed, dry beans, summer potatoes, sweet potatoes and sugarbeets. Planted area only for cotton and proso millet, dry peas, Austrian winter peas and lentils. Harvested area only for all hay, alfalfa hay, other hay, tobacco (by class and type) and sugarcane. Percent of area planted to biotechnology varieties in the U.S. and selected States for corn, soybeans and Upland cotton. Percent of acreage planted for 2016 fall potatoes by types (13 major States).

**Small Grains 2017 Summary,** *September 29.* Acreage, yield and production of wheat, oats, barley and rye for 2017, including revised data for 2016 and U. S. Production of wheat by class. Objective survey data for winter wheat number of heads per square foot.

Winter Wheat and Canola Seedings, *January 12*. Seeded acreage of 2017 winter wheat; seedings of Durum wheat (AZ and CA). Seeded acreage of 2017 winter canola.

**Corn Objective Yield Survey Data, 1992-2006.** This report provides information on the types of data collected from the corn objective yield survey and how they relate to the Agricultural Statistics Board yield estimates. This report provides information to assist data users in understanding the corn objective yield program and the changes that have occurred in the objective yield data over a 15 year period. **Soybean Objective Yield Survey Data, 1992-2006.** This report provides information on the types of data collected from the soybean objective yield survey and how they relate to the Agricultural Statistics Board yield estimates. This report provides information to assist data users in understanding the soybean objective yield program and the changes that have occurred in the objective yield data over a 15 year period.

Wheat Objective Yield Survey Data, 1993-2007. This report provides information on the types of data collected from the wheat objective yield survey and how they relate to the Agricultural Statistics Board yield estimates. This report provides information to assist data users in understanding the wheat objective yield program and the changes that have occurred in the objective yield data over a 15 year period.

**Cotton Ginnings.** 13 reports issued approximately twice per month during Aug-Mar ginning season, plus annual summary.

Jan 12, Jan 23, Feb 9, Mar 9, Aug 10, Sep 12, Sep 26, Oct 12, Oct 24, Nov 9, Nov 24, Dec 12, Dec 22. Running bales ginned to date for all cotton and American-Pima cotton by State. County ginnings, relating to first-of-month, are

released with mid-month State ginnings.

**Cotton Ginnings 2016 Summary,** *May 10.* Running bales ginned, 480-pound bales ginned, average bale weight and number of active cotton gins by State and county for the ginning period.

**Crop Progress.** 35 issues, first work day of the week during growing season. Issued weekly during the growing season April-November; this report lists planting, selected development stages and harvesting progress and overall condition of selected crops in major producing States. The data, summarized by crop and by State, are republished in the *Weekly Weather and Crop Bulletin* released by WAOB.

Crop Values 2016 Summary, February 24. Marketing year average prices and value of production of principal crops, preliminary 2016 and revised 2015 and 2014. Note: State estimates for fruits and nuts are included in "Noncitrus Fruits and Nuts 2016 Summary." State estimates for vegetables are included in "Vegetables 2016 Summary."

### Weekly Weather and Crop Bulletin (ISSN 0043-1974)

The Weekly Weather and Crop Bulletin is published weekly and is jointly prepared by the U.S. Department of Commerce, National Oceanic and Atmospheric Administration (NOAA) and the U.S. Department of Agriculture (USDA).

Annual subscriptions: Domestic and International subscriptions are \$60.00. Check and credit card (Visa, MasterCard, Discover and American Express) payments are accepted. Payments (invoices) should be mailed to: NNDC/NCDC, P.O. Box 70169, Chicago, IL 60673-0169; or invoices faxed to (304) 726-4409.

Correspondence to the meteorologists should be directed to: Weekly Weather and Crop Bulletin, NOAA/USDA, Joint Agricultural Weather Facility, USDA South Building, Room 4443B, Washington DC 20250. Internet URL: www.usda.gov/oce/waob/jaswf; E-mail address: jawfweb@oce.usda.gov.

### Grain Stocks. 4 issues.

January 12: On and off farm stocks of all wheat, Durum wheat, corn, sorghum, oats, barley and soybeans on December 1, 2016 by State; revisions of all wheat, Durum wheat, corn, oats, barley, sorghum, soybeans, flaxseed, rye, canola, mustard seed, safflower, rapeseed and sunflower for 2016. Number and capacity of off-farm storage facilities and capacity of on-farm storage facilities on December 1, 2016. On and off farms stocks of dry peas, lentils, Austrian winter peas and chickpeas on December 1, 2016 and revision for June 1, 2016 for the U.S.

*March 31:* On and off farm stocks of all wheat, Durum wheat, corn, sorghum, oats, barley, soybeans and sunflower on March 1 by State and previous quarter revisions.

*June 30*: On and off farm stocks of all wheat, Durum wheat, corn, oats, barley, sorghum, soybeans, flaxseed, canola, rapeseed, dry peas, lentils, Austrian winter peas and chickpeas and rye on June 1 by State and previous quarter revisions.

*September 29:* On and off farm stocks of all wheat, Durum wheat, corn, oats, barley, soybeans, sorghum, sunflower, safflower and mustard seed on September 1 by State and previous quarter revisions. Revised 2016 soybean acreage, yield and production.

**Hop Stocks**. 2 issues, *March 17* and *September 20*. Grower, dealer and brewer stocks March 1 and September 1 for the U.S.

**National Hop Report**, *December 18*. Area harvested, yield, production, price and value by State and U.S.

**Peanut Prices**. Weekly on Friday. U.S. average price and marketings by type of peanut (Runner, Spanish, Valencia and Virginia).

### Peanut Stocks and Processing. 12 issues.

Jan 30, Feb 27, Mar 30, Apr 28, May 31, Jun 29, Jul 28, Aug 31, Sep 28, Oct 31, Nov 29, Dec 29. The reports include the stocks at end of previous month; millings, production and disappearance of milled products, previous month for the U. S. Preliminary season totals shown in August release. Revised season totals shown in August release.

### Potato Stocks. 4 issues.

*Feb 17, Apr 18, Jun 16, Dec 19.* Grower, processor and local dealer storage stocks in fall producing areas, first of the month by State.

**Potatoes 2016 Summary**, *September 14*. Production, farm disposition, value and stocks by State and utilization of potatoes for the United States, 2016 crop.

### North American Potatoes. 2 issues.

*February 13 and November 22.* This publication is the result of a joint effort by NASS and Statistics Canada to provide producers with additional information about potato production in North America. The release includes area planted and harvested, yield, production, utilized production, market year average price and value of sales for both countries.

### Rice Stocks. 5 issues.

*Jan 12, Mar 31, Jun 30, Aug 25, Oct 27.* Rough and milled rice stocks on and off farms, December 1, 2016, March, June, August and October (California only) by State and stocks by length of grain classes (five Southern States and California).

**Field Crops Usual Planting and Harvesting Dates**. *NASS handbook 628*. This handbook documents the usual planting and harvesting date for major field crops. Data are presented by State and commodities.

**World Agricultural Supply and Demand Estimates.** Issued monthly, WASDE provides the most current USDA forecasts of U.S. and world supply-use balances of major grains, soybeans and products and cotton; and U.S. supply and use of sugar and livestock products.

# Fruits, Nuts, and Vegetables

**Cherry Production**, *June 9*. Mid-June production forecast for 2016 crop, tart and sweet cherries.

**Citrus Fruits 2017 Summary,** August 31. Annual summary of acreage, yield, production, use, price and value 2016-17 crop and revised 2015-16 crop.

**Cranberries,** *August 10.* Indicated 2017 production by State; production, for 2015 and 2016 crops by State.

Coffee, January 27.

Noncitrus Fruits and Nuts 2016 Summary, *June* 27. Annual summary of acreage, yield, production, use, price and value of 2016 crop by State. Includes data for apples, apricots, avocados, bananas, berries, cherries, coffee, cranberries, dates, figs, grapes, kiwifruit, nectarines, olives, papayas, peaches, pears, plums, prunes, strawberries, almonds, hazelnuts, macadamias, pecans, pistachios and walnuts.

**Fruit and Tree Nuts: Blooming, Harvesting and Marketing Dates**. *NASS handbook Number 729*. This handbook identifies the usual blooming, harvesting and marketing dates as well as principal producing counties and major varieties for the fruits and tree nuts covered in NASS's national program of crop estimates.

The Field Offices of USDA NASS compiled the basic information, prepared the estimates of usual dates and designated the important areas of production and major varieties for their respective States. Growers and horticultural specialists were consulted to verify information published.

**Mushrooms,** *August 21.* Agaricus mushrooms: Area in production, volume of sales, utilization, price per pound, value of sales and number of growers by selected States and U.S. for July 1, 2016 - June 30, 2017 and intentions for the next season. Brown mushrooms: Number of growers, volume of sales and value of sales, by region and U.S. for July 1, 2015 - June 30, 2017. Specialty mushrooms: Number of growers, production, volume of sales, price per pound and value of sales by variety and U.S. Also, area in production which includes natural wood outdoor logs, natural wood undercover and indoor logs and all other production media by variety and U.S. Sales of all certified organic mushroom and number of certified growers at the U.S. level.

**Vegetables.** 1 issue plus annual summary.

*August 29.* Acreage, yield, production and value for onions. Acreage, yield, production, marketing year average price and utilization for asparagus. Acreage, yield and production for strawberries.

**Vegetable 2016 Summary,** *February 13.* End-of-season 2016 estimates of acreage, yield, production, marketing year average price, value and utilization for artichokes, asparagus, snap beans, lima beans, broccoli, cabbage, cantaloupe, carrots, cauliflower, celery, sweet corn, cucumbers, garlic, honeydews, head lettuce, leaf lettuce, onions, romaine lettuce, bell peppers, chile peppers, pumpkins, spinach, strawberries, squash, tomatoes and watermelons.

**Vegetables Usual Planting and Harvesting Dates**. *NASS handbook Number 507*. This handbook identifies the usual planting and harvesting dates for fresh market and processing vegetables as well as principal producing counties and major varieties for the vegetables covered in NASS's national program of crop estimates. The Field Offices of USDA NASS compiled the basic information, prepared the estimates of usual dates and designated the important areas of production and major varieties for their respective States. Growers and horticultural specialists were consulted to verify information published.

# Livestock

Cattle. 2 issues.

*January 31:* Inventory number by class of all cattle and calves as of January 1, 2017 and number of calves born during 2016 by State and U.S. Number of all cattle and number by classes July 1, 2016, U.S. Total number on feed January 1, 2017 by State and U.S.

*July 21:* Inventory number by class of all cattle and calves as of July 1, 2017, U.S. Expected 2017 calf crop, U. S. Total number on feed July 1, 2017, U.S.

**Cattle Death Loss**. This report is a cooperative effort of the National Agricultural Statistics Service and the Animal and Plant Health Inspection Service. This report provides detailed breakouts of cattle and calf losses by both predator and non-predator causes.

Cattle on Feed. 12 monthly issues.

Jan 27, Feb 24, Mar 24, Apr 21, May 26, Jun 23, Jul 21,

Aug 25, Sep 22, Oct 20, Nov 17, Dec 22. All issues present monthly total number on feed, placements by weight group, marketings and other disappearance for feedlots with 1,000 head or more capacity for major States and U.S. Number on feed by class, shown for feedlots with 1,000 head or more capacity for major States and the U.S. in January, April, July and October reports. Number of feedlots and fed cattle marketings during 2016 and January inventory 2017 by size groups for U.S. in February report.

**U.S. & Canadian Cattle,** *August 22.* Inventory by class of all cattle and calves and number of calves born for U.S., Canada and combined.

**U.S. & Canadian Cattle and Sheep,** *March 7.* Inventory by class of all cattle and calves and number of calves born for U.S., and Canada combined. Inventory by class of all sheep and lambs and number of lambs born for U.S., Canada and combined.

For more cattle information, see Livestock Slaughter, Meat Animals: Production, Disposition and Income and Agricultural Prices February issue.

**Overview of the U.S. Cattle Industry**. This report provides information on cattle supply and disposition numbers and trends which have implications for future cattle supplies. The report is provided to the industry and data users to provide a better understanding of the relationships within the cattle industry.

**Equine.** This is the only NASS publication of U.S. equine statistics. The report contains total equine inventory for 1998 and 1999, equine sold and value of sales.

Quarterly Hogs and Pigs. 4 quarterly issues.

*March 30:* Inventory number by class as of March 1; December 2016-February 2017 farrowings and pig crop; March-August 2017 intended farrowings for major States and U.S.

*June 29:* Inventory number by class as of June 1; March-May 2017 farrowings and pig crop; June-November 2017 intended farrowings for major States and U.S.

*September 28:* Inventory number by class as of September 1; June-August 2017 farrowings and pig crop; September 2017-February 2018 intended farrowings for major States and U.S.

*December 22:* Inventory number by class of all hogs and pigs as of December 1; September-November 2016 farrowings and pig crop; December 2017-May 2018 intended farrowings, major States and U. S.; annual farrowings (December 2016 - November 2017) by State and U.S.

For more hogs and pigs information, see Livestock Slaughter, Meat Animals: Production, Disposition and Income and Agricultural Prices February issue.

**Overview of the U.S. Hog Industry.** The Overview of the U.S. Hog Industry report provides an official periodic review of efficiency trends and changes in the structure of the breeding herd. This report also notes changes in hog operation size groups, compares historic hog prices and reviews live hog imports and marketings. This report compares 2014 production year data to the 2008 production data released in the Overview of the U.S. Hog Industry report published in September 2009.

U.S. and Canadian Hogs and Pigs. 2 issues.

*March 7 and August 22.* This release contains inventory, sows farrowed and pig crop for U.S., Canada and combined.

Livestock Slaughter. 12 monthly issues plus annual summary.

Jan 19, Feb 23, Mar 23, Apr 20, May 25, Jun 22, Jul 20,

*Aug 24, Sep 21, Oct 19, Nov 22, Dec 21.* Number of head, live weight and dressed weight of cattle, calves, sheep and lambs and hogs and pigs slaughtered in commercial plants and number by class in federally inspected plants by State. Also red meat production by species by State and U.S.

Livestock Slaughter 2016 Summary, *April 19.* Annual summary for total livestock slaughter and meat production for 2016 by State and months. Number of cattle, calves, sheep and lambs and hogs and pigs slaughtered in federally inspected plants by class for selected States and U.S. Number of goats and bison slaughtered in federally inspected plants by species and class, U.S. Number of federally and non-federally inspected plants and number of head slaughtered in 2016. Also number of head slaughtered in federally inspected plants by size group and species U.S.

### Meat Animals Production, Disposition and Income

**2016 Summary**, *April 27.* Annual balance sheet and income estimates for cattle and hogs. Includes estimates of beginning and ending inventories, births, deaths, inshipments and marketings. Also includes 2014 and 2015 total production and marketings in pounds, value of production, cash receipts, home consumption and gross marketings by State and U.S.

**Sheep and Goats,** *January 31.* Sheep and lamb inventory by class by State and U.S., 2017. Lamb crop by State and U.S.,2016. January 1 inventory of angora, milk and meat and other goats. Number of sheep shorn, wool production, price and value by State for 2015 and 2016. Number of goats clipped, mohair production and value for AZ, CA, NM and TX for 2015 and 2016.

**Sheep and Goats Death Loss.** This report provides sheep and lamb losses after docking by predators and detailed breakouts for non-predator causes. Total losses of goats and kids are also provided at the U.S. level. This report is released as a cooperative effort between the National Agricultural Statistics Service and Animal and Plant Health Inspection Service.

**Overview of the U.S. Sheep and Goat Industry.** This report provides information on the history of the U.S. sheep and goat industry. This report helps the sheep and goat industry and data users to understand how the industry has changed over the years.

For more sheep information, see Livestock Slaughter.

# Poultry

**Broiler Hatchery.** 52 issues weekly. Number of broiler chicks placed and eggs set for the previous week, 19 selected States and United States. Available every Wednesday or if Federal holiday is on a Tuesday or Wednesday then on Thursday.

Hatchery Production 2016 Summary, *April 4.* U.S. commercial hatchery data on number of broiler-type and egg-type chicks hatched, monthly, major States and U.S. for 2016 and revised data for 2015. Number of eggs in incubators on the first of each month by region and U.S. broiler chicks placed and eggs set by weeks for the 19 selected States and United States. Turkey eggs set and net poults placed, poults hatched U.S., capacity of chicken and turkey hatcheries by region and U.S.

**Poultry Production and Value 2016 Summary**, *April 28.* Estimates of production and value for commercial broilers, eggs, turkeys raised and chickens (excluding commercial broilers) sold for 2015-16 by State and U.S.

**U.S. Broiler Industry Structure.** This report provides information on the history of the U.S. broiler industry. This report helps the broiler industry and data users to understand how the industry has changed over the years.

**U.S. Broiler and Egg Production Cycles.** This report presents historical data on the cycle of broiler and table egg production, which includes hatchery capacity, egg production, layer inventory, young chicken, slaughter and the value of production.

Chickens and Eggs. 12 issues plus annual summary.

Jan 24, Feb 28, Mar 21, Apr 21, May 22, Jun 23, Jul 21, Aug 22, Sep 22, Oct 23, Nov 21, Dec 22. Number of layers on hand, eggs per 100 layers, and total eggs produced during preceding month by type of flock by major States and U. S. Number of layers and eggs produced per 100 layers on the first of the month by type of flock, pullet chicks added and layers' disposition at the U.S. level. Layers being molted and molt completed by major States and U.S. U. S. commercial hatchery data on number of broiler-type and egg-type chicks hatched during preceding month, major States and U.S. and number of eggs in incubators on the first of the month by region and U.S. Number of broiler-type pullet chicks for hatchery supply flocks (total and domestic) and number of egg-type pullet chicks for hatchery supply flocks, U.S. **Chickens and Eggs 2016 Summary**, *February 27*. Monthly estimates of the number of layers on hand, rate of lay and egg production States and U.S. for 2015 and 2016. December 1, 2015 and 2016 chicken inventories and values by State and U.S. Egg production during the month by type, selected States and U.S.

Egg Products. 12 monthly issues.

Jan 30, Feb 28, Mar 31, Apr 28, May 31, Jun 29, Jul 28, Aug 31, Sep 29, Oct 31, Nov 30, Dec 29. Federally inspected, shell eggs broken, form in which broken.

Poultry Slaughter. 12 issues plus annual summary.

Jan 26, Feb 24, Mar 24, Apr 26, May 25, Jun 26, Jul 25, Aug 25, Sep 25, Oct 25, Nov 27, Dec 26. Number of head and pounds slaughtered under Federal inspection by type, for the U.S. Total liveweight of poultry slaughtered and condemnations by selected States and U.S.

**Poultry Slaughter 2016 Summary,** *February 24.* Also available as a separate issue in the above subscription. Number of poultry slaughtered by month, by type, and annual total for the United States. Pounds certified ready-to-cook, ante-mortem and post-mortem condemnations by type, by month and the U.S. total.

Turkey Hatchery. 12 monthly issues.

Jan 13, Feb 16, Mar 16, Apr 13, May 16, Jun 15, July 13, Aug 15, Sep 14, Oct 17, Nov 16, Dec 14. Number of turkey eggs in incubators on first of current month, net poults placed and poults hatched by month.

**Turkeys Raised**, *September 29.* Number of turkeys raised during preceding year and raised during current year, major States and U.S.

**Overview of the U.S. Turkey Industry.** This report presents historical information on the U.S. turkey industry. NASS survey procedures and methodology are presented with a graphical interpretation of the data.

# Specialty Agriculture

**Certified Organic 2016 Summary**, *September 20*. Provides statistics on acreage, production, sales, price, expenses, and other data for various certified organic crop and livestock commodities at national, state, and commodity levels.

**Cold Storage.** 12 monthly issues plus annual summary and biennial *Capacity of Refrigerated Warehouses*, published in even years.

Jan 25, Feb 23, Mar 21, Apr 24, May 22, Jun 22, Jul 24, Aug 22, Sep 22, Oct 23, Nov 22, Dec 22. End-of-month stocks of meats, dairy products, poultry products, fruits, nuts and vegetables in public, private and semi-private refrigerated warehouses.

**Cold Storage 2016 Summary**, *February 23*. Regional and national totals for end-of-month holdings of meat, dairy products, poultry products, fruits, nuts and vegetables in public, private and semi-private refrigerated warehouses for 2016.

**Capacity of Refrigerated Warehouses 2015 Summary.** Biennial report. Number of warehouses and capacity by State and U.S. number of general warehouses public and private.

**Cost of Pollination**, *December 21*. Annual report that includes statistics on the number of acres paid to be pollinated, the average price per acre, and prices per honey bee colony for selected crops.

**Floriculture Crops 2015 Summary.** Production, price and value of wholesale sales for 15 selected States and growers having \$100,000 or more in sales. Number of growers and growing area for growers with \$10,000 or more in sales. Issue covers the following crops:

*Cut flowers*: Alstroemeria, Standard Carnations, Pompon chrysanthemums, Delphinium and Larkspur, Gerbera Daisy, gladioli, iris, all lilies, Lisianthus, all orchids, all roses, snapdragons, cut tulips and other cut flowers.

*Flowering potted plants*: African violets, finished florist azaleas, florist chrysanthemums, Easter lilies, orchids, poinsettias, roses, spring flowering bulbs and other potted flowering plants.

Foliage: Potted foliage, hanging baskets.

*Annual Bedding/Garden plants*: Flats, pots and hanging baskets of begonias, geraniums from seed, geraniums from Vegetative cuttings, New Guinea impatiens, impatiens (*I.Wallerana*), marigold, pansy/viola, petunias, all other flowering and foliar plants and vegetable-type bedding plants.

*Herbaceous perennials:* Potted hardy garden chrysanthemums, hosta and other herbaceous perennials. *Cut cultivated greens:* Leatherleaf ferns, other cut cultivated greens.

*Propagative Floriculture material*: Total sales of material for cut flowers, potted flowers, annual bedding/garden plants, herbaceous perennials, foliage and cut cultivated greens.

*Special Hawaiian crops*: Production, price and value of sales for selected Hawaiian crops for growers with \$10,000 or more in sales.

**Honey,** *March* 22. Annual report of number of colonies producing honey, yield per colony, honey production, average price and value, 2016 and revised 2015; honey stocks as of December 15, 2016, by State and U.S.

**Honey Bee Colonies,** *August 1.* Annual report of honey bee colonies, lost colonies, added colonies, renovated colonies and colonies affected by stressors by State and U.S.

**Mink,** *July 14.* Mink pelt production by color class by selected States, 2016 data and revised 2015. Females bred and to be bred in 2017. Value of pelt production.

Nursery Crops 2006 Summary. 2006 gross sales and number sold for 17 selected States and growers having \$100,000 or more in sales. Categories covered: broadleaf evergreens, coniferous evergreens, deciduous shade trees, deciduous flowering trees, deciduous shrubs, palms, other ornamentals, fruit and nut plants, cut Christmas trees, transplants for commercial vegetable and strawberry production, ornamental grasses and propagative nursery material. Area in production, numbers of growers and workers for operations having \$10,000 or more in annual gross sales.

**Organic Certifiers 2014/2015 Summary.** Provides statistics on certified acreage and livestock commodities at the national and state level.

# **Other Reports**

Agricultural Statistics Book 2017, June 2017. A comprehensive statistical report (approximately 500 pages) containing current and historical agricultural data, revised annually. Statistics cover grain and feed; cotton, tobacco, sugar crops and honey; oilseeds, fats and oils, vegetables and melons; fruits, tree nuts, and horticultural specialties; hay, seeds and minor field crops; cattle, hogs and sheep; dairy and poultry statistics; farm resources, income and expenses; taxes, insurance, credit and cooperatives; stabilization and price-support programs; consumption; fertilizers and pesticides and more.

**County Estimates 2015-2016 for Flaxseed,** *March 9.* County level estimates for flaxseed for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Hogs and Pigs,** *August 21.* County level estimates for hogs and pigs for participating States for 2915 and 2016. **Available on Quick Stats only.**  **County Estimates 2015-2016 for Lentils,** *April 13.* County level estimates for lentils for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Mustard Seed,** *April 27.* County level estimates for mustard seed for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2016-2017 for Oats,** *December 14.* County level estimates for oats for 2016 and 2017 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Peanuts** *May 11.* County level estimates for peanuts for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Potatoes,** *October 5.* County level estimates for potatoes for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Poultry**, *June 12.* County level estimates for poultry for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Processed Tomatoes,** *June 1.* County level estimates for processed tomatoes for 2014 and 2015 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Safflower,** *April 27.* County level estimates for safflower for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2016-2017 for Sheep and Goats** *May 15.* County level estimates for sheep and goats for 2016 and 2017 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Sorghum,** *February 23.* County level estimates for sorghum for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Soybeans,** *February 23.* County level estimates for soybeans for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2016-2017 Spring Wheat,** *December 14.* County level estimates for spring wheat for 2016 and 2017 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Sugarbeets**, *June 1.* County level estimates for sugarbeets for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Sugarcane for Sugar**, *June 1.* County level estimates for sugarcane for sugar for 2015 and 2016 for participating States. **Available on Quick Stats only.**  **County Estimates 2015-2016 for Sunflowers, Non-Oil, and Oil,** *February 23.* County level estimates for sunflowers, non-oil and oil for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2015-2016 for Tobacco,** *April 27.* County level estimates for tobacco for 2015 and 2016 for participating States. **Available on Quick Stats only.** 

**County Estimates 2016-2017 for Winter Wheat,** *December 14.* County level estimates for flaxseed for 2016 and 2017 for participating States. **Available on Quick Stats only.** 

**Crop Production Historical Track Records,** *April 13.* This report includes a historical data series and a comparison of preliminary to final planted and harvested crop acreage and a comparison of preliminary crop production forecasts to final and end-of-year crop production estimates.

**Livestock Historical Track Records**, *September 14*. This report compares the preliminary inventory or production estimates to the final inventory or production estimates for cattle, hogs and pigs, sheep and lambs, milk production, broilers, eggs and turkeys.

**Price Reaction After USDA Crop Reports,** *March 10.* This report describes the market price reaction during the time periods surrounding the release of crop production report.

**Price Reaction After USDA Livestock Reports,** *March 16.* This report describes the market price reaction during the time periods surrounding the release of livestock inventory reports.

**Overview of the U.S. Slaughter Industry,** October 27, 2016. This report provides an official review of changes in the U.S. livestock and poultry slaughter industry over the past 25 years. Additionally, the report gives an overview of survey and estimation procedures as well as terminology used in NASS's slaughter publications.

# NASS MISSION

To provide timely, accurate, useful statistics in service to U.S. agriculture.

### ACKNOWLEDGMENT

Many thanks to the farmers, ranchers and producers across the nation who willingly participate in the surveys with National Agricultural Statistics Service, U.S. Department of Agriculture. They are the strength behind the NASS agricultural inventory, production, price and environmental information, products and services. We appreciate their support and cooperation - they are the cornerstone of the food and fiber system that feeds and clothes the world.

United States Depart of Agriculture 1400 Independence Avenue S.W., Room 5029-S Washington, DC 20250-2001
